With Greek Passants—Make Serious War on Jews.
Sofia, March 6.—Fighting between Bulgarians and Greek forces in western Thrace and Strumitza as a result of efforts of the Bulgarians to requisition food and household articles, has been reported. It is said the Bulgarians are attempting to strip the country bare being forced to retire.

Bomb Timed to Explode.

Bombing, March 6.—An anti-Semitic movement of serious proportions in Bulgaria is reported in the Jewish newspaper, "El Liberal." On Saturday, February 15, a bomb was found in the Central Jewish synagogue in Sofia. It was timed to explode at a time when the edifice would have been filled with worshippers and it is alleged it was placed there by Bulgarians.

Prep Quints Will Follow Schedule--Sports

McCALLIE TACKLES
CITY HIGH QUINTET

CENTRAL WILL CLASH
WITH BAYLOR SATURDAY.

Public Schools Will Play Off
Basketball Tie, if
Both Win.

The Prep School Basketball league will follow its regular schedule for another week, at least, it has been decided. Announcement to that effect was made today by Prof. J. S. Ziegler, of Central High. The schedule calls for City High to tackle McCallie Saturday night, while Central will take on the Baylor quintet.

After the victory of City High over Central last Saturday, it was proposed that the league season be declared closed, and that City and Central High play one game, or the best two out of three games, for the 1919 prep school basketball title. It was argued in support of this proposal that the positions of McCallie and Baylor in third and fourth places, respectively, were already determined and that it was needless for these schools to continue. Opposition to the plan developed, however, the Blue and White team having shown such improvement that it felt it had an excellent chance to defeat City High Saturday.

EDDIE BACON SIGNS UP

Strang Nicklin Receives His Signed Contract for 1919 Season.

Eddie Bacon, pitcher-slugger of the Lookouts, has signed a 1919 Lookout contract. It has been announced by President-Manager Strang Nicklin. Eddie has a lot of natural talent, it is believed that he will deliver the goods this season if he buckles down seriously to his task.

STRIKE ON AT VANDY

Chancellor Kirkland Refuses to Take Any Action in Controversy.

Nashville, March 6.—Chancellor Kirkland, of Vanderbilt university, last night refused to take any action in regard to the demand of the student body that the reserve officers training corps be made optional. He told the committee of students that so long as the students remained on strike he would take no steps to arbitrate the trouble.

Stopped Cough After Influenza.

"I want to say that Foley's Honey and Tar is the best cough medicine I ever tried," writes E. B. McDowell, R. F. D. 1, Box 119, Arlington, Tenn.

"My son had influenza. He had the worst kind of a cough and I tried everything, but nothing did any good. God sent me a friend with Foley's Honey and Tar, and his cough went better the next day and in two days he had no cough at all." Foley's Honey and Tar stops harsh, racking coughs; eases wheezy breathing. It is effective, yet pleasant to take. To Anderson, druggist, Chattanooga, Tenn.—(Adv.)

GIANTS' DATES FIXED

Training Schedule Begins on March 23 and Ends April 22.

New York, March 6.—The New York National league announced today that the spring training trip of the team will include the following games:

CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Troubles did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no loss of time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation. If you write to me, Eugene M. Palmer, Carpenter, 463 E. Macedonia avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.—(Adv.)

MATCHED AGAIN.

Canton, O., March 6.—Ted Lewis, welterweight champion, and Jack Britton, of New York, have been matched to box twelve rounds here, March 17. A bout between the two, scheduled to be held here last month, was canceled because of Lewis' illness. Lewis has agreed to make 145 pounds at 3 p.m.

MITCHELL WINS.

Milwaukee, Wis., March 6.—"Pinky" Mitchell upset the dog last night by scoring a clean-cut victory over Johnny Noye, who had been classed as a sure-thing winner of the battle. The first two rounds were even, but Mitchell had all the best of it during the balance of the fight.

To Anderson, druggist, Chattanooga, Tenn.—(Adv.)

NEW JOB FOR WINN.

Will Manage Consolidated Tracks in Kentucky.

Louisville, Ky., March 6.—Matt J. Winn, one of the most widely known race track managers in the country, is preparing to sever his connection with Juarez, Empire City and Laurel tracks, according to apparently well-founded reports in circulation here. He is to become manager of Churchill Downs, Latonia and Lexington courses, which will be operated by the recently formed Kentucky Jockey club.

HOWARD EHMKE SIGNS.

Tyler Pitcher Released from Navy Service.

Los Angeles, March 6.—Howard Ehmke, pitcher for the Detroit American league club, was discharged today from the navy at San Pedro, near here, and immediately signed a contract to play the 1919 season with Detroit.

MAY TRAVEL BY AIR.

New York, March 6.—Invitation to travel by airplane from New York to Philadelphia for the opening game of the season on April 25, was received yesterday at club headquarters.

Manager McCracken, who signed that he would grant his approval, said that the players would make the trip by air, at their own volition, however.

Speed King of Winter Realm

CHARLIE JEWTRAW

A new face appears among the ranks of the champion ice skaters. Out of the east comes a new champion, heralded as the coming king of the ice in America.

For at the Lake Placid (N. Y.) ice skating races Charlie Jewtraw, 17, swept everything before him. He won every championship from the 220-event up to the three miles. What is more remarkable, he never lost a heat, a semifinal or a final.

He was not even extended, though competing with the speedsters from New York, Boston, Toronto, Montreal, Milwaukee, Pittsburgh, Chicago and other cities.

Old-timers who saw the races at Lake Placid freely predict that Jewtraw will win every event he enters at the international indoor ice skating meet this month at Chicago.

Steel men study plan Proposed by Secretary Redfield for Stabilizing Prices.

New York, March 6.—Steel manufacturers from all parts of the country met here today to discuss the proposed plan of Secretary Redfield for stabilizing prices at lower levels. The conference was called by the directors of the American Iron and Steel Institute as the result of the meeting here recently at which Secretary Redfield's proposal was considered informally.

NEW YORK STILL TIED UP Freight Accumulates at Piers—Media- tor Busy.

New York, March 6.—With traffic in New York harbor still tied up and large consignments of freight accumulating at piers, railroads, terminals and warehouses, further efforts were made today by James L. Hughes, mediator of the federal department of labor, to effect a settlement with a part of the striking marine workers. Officials of the railroad administration and its employees who operate 40 per cent of the harbor craft, held another meeting. These negotiations do not affect private boat owners and their men, who so far have steadfastly refused overtures looking toward a settlement.

FIGURES REMARKABLE British Secretary of Munitions Gives Cost as \$9,000,000,000.

London, March 6.—Frederick George Kellaway, parliamentary secretary for the ministry of munitions, gave some remarkable figures in the house of commons today recording the work of his department. On November 11 he said, there were 33,000 separate contracts outstanding which involved a liability of \$1,625,000,000. The expenditures of the ministry of munitions during the war totaled \$9,195,000,000. There are large surplus stocks to be disposed of ranging from tanks to tin tacks and from guns to gloves. They are scattered over three continents.

Apart from the work done by private firms, 132 national factories were established at an expense of \$60,000,000. Others were altered at a cost of \$30,000,000. Thirty of these factories will be retained for storage purposes and others will be held for emergencies.
